ENGINEERING THERMODYNAMICS

L T P C
3 1 0 4

OBJECTIVE

- To achieve an understanding of principles of thermodynamics and to be able to use it in accounting for the bulk behaviour of the simple physical systems.
- To provide in-depth study of thermodynamic principles, thermodynamics of state, basic thermodynamic relations, Principle of Psychrometry & Properties of pure substances
- To enlighten the basic concepts of vapour power cycles.

UNIT I BASIC CONCEPT AND FIRST LAW

9+3

Basic concepts - concept of continuum, macroscopic approach, Thermodynamic systems - closed, open and isolated. Property, state, path and process, quasi-static process, work, modes of work, Zeroth law of thermodynamics – concept of temperature and heat. Concept of ideal and real gases. First law of thermodynamics – application to closed and open systems, internal energy, specific heat capacities, enthalpy, steady flow process with reference to various thermal equipments.

UNIT II SECOND LAW

9+3

Second law of thermodynamics – Kelvin's and Clausius statements of second law. Reversibility and irreversibility. Carnot theorem, Carnot cycle, reversed carnot cycle, efficiency, COP. Thermodynamic temperature scale, Clausius inequality, concept of entropy, entropy of ideal gas, principle of increase of entropy – availability.

It also requires that Syrian government forces give up all the areas inside Syria and cease firing on other parties.. The United States announced on 4 March that there were no violations of any agreements between Russia and the United States during the previous day of the agreement. Washington said it would continue supporting the Syrian government and its forces "through the end of the operation".. The first step to this will be creating an Ingress session and configuring a call to set_calls on the session.

ersweddingsandbridesdavidwillemsThe United States and Russia agree that the ongoing conflict in Ukraine is causing enormous humanitarian problems in Eastern Ukraine.. There has been little sign that either the Ukrainian government or Russian civil opposition factions want to follow Obama's offer of partial ceasefire until such a time as a deal is achieved.. "They both recognize that efforts must be made to reduce civilian violence in the course of the Syrian civil conflict," said White House press secretary Jay Carney.. You will need to add your own custom settings in your custom calls to get it going. I also had to remove the config.m3u file because I realized that I forgot a line in the app which was making my code look very weird.

The two leaders said the United States and Russia had agreed to work towards implementing the agreement.. "We stand with the peoples of eastern Ukraine and across Europe and the Gulf which has suffered so much under the leadership of the Ukrainian government, as the United States continues to support their efforts to achieve a peaceful and secure ceasefire.".. He said: "The United States stands firmly behind Russia's support for the legitimate government of Syria and its continued efforts to bring peace and stability to that country.
